Dear Sir:

In view of the following amendments and remarks, further and favorable consideration of this application is respectfully requested.

**AMENDMENTS**

**In the Claims:**

*Please add the following claims 17-20:*

17. (Added) A method of initially configuring the wireless communication device of claim 1, said method comprising the steps of:
- transmitting the initial configuration information from a source external to the wireless communication device;
  - receiving the initial configuration information by the passive tag storing the initial configuration information in the non-volatile memory;
